A SPOOKY NIGHT OUT FOR THE YOUNG AND YOUNG AT HEART

Trains that go shunt in the night at the Great Central Railway

Friday the 31st of October is the night for ghost trains at Leicestershire's award winning heritage railway. Trains for the young and the young at heart are running with the chance for everyone to get into the spooky spirit.

There is a haunted decorated diesel train ideal for some after school fun. It departs from Loughborough at 5pm, 6pm and 7pm making a return trip to our officially haunted station at Rothley. On the way meet costumed characters on board as darkness falls outside... There's also the chance to get your face painted.

A flat fare of just £5 applies for anyone brave enough to ride the haunted train.

Lynn Hill, the railway's marketing manager said **"We're offering a safe way for everyone to join in some Halloween fun. We're full of treats but without the tricks."**

For anyone looking for a Friday night out with a difference, the railway is running a Halloween themed murder mystery first class dining train. Featuring a special five course menu we're looking for passengers who can crack the case of a dastardly murder before the train returns to Loughborough Central Station. For more information to make a reservation on either ghost train, call 01509 230726.
