REAL ALES ON THE RAILS

GREAT CENTRAL STAGES THREE DAY
BEER FESTIVAL (26th, 27th and 28th Sept)

Raise a glass to Britain's brand new steam engine!

The Great Central Railway will be the place to be for beer connoisseurs this coming weekend. Thirty five ales, perrys and ciders from all over the country will be the main attractions at a three day beer festival.

Breweries in Cornwall, Dorset and Lancashire amongst other English counties will be tempting the palate with concoctions like "Flibbertigibberty" and "Golden Newt"

"Our beer festival is gaining in popularity all the time" said Lynn Hill, the railway's marketing assistant. **"We've tried to find new brews to tempt those who know their beer. The first pints will be pulled on Friday lunchtime and we'll keep going till stocks run out on Sunday."**

A big draw in fact already a huge hit with visitors to the Leicestershire line is Britain's brand new steam engine, "Tornado". It is due to be in service and pulling passenger trains on the Saturday and Sunday. Drinkers are being encouraged to raise a glass to the AI Steam Locomotive Trust, the group behind the project.
