

A60 BRIDGE
APPEAL

An appeal to get
the A60 Bridge
Reunification ready

**Want to get another piece of the Reunification jigsaw in place in 2022?
So do we! We need your help to raise £110,000 to get the A60 bridge
ready for its new role in an 18 mile railway.**

The A60 bridge is the only part of the Reunification project which currently carries trains. However, it's in a very poor state, not only due to its age but because it is frequently struck by lorries. As a result, it's closed to rail traffic. Both sides of this bridge will be needed to carry trains in the future.

The good news is, a substantial six-figure sum of money is now available for the job - but we need to find another £110,000 to cover the cost of the work. A contractor has been approached and as soon as we have the money we'll make a start. With your help, the work will be done by the end of the year!

This is an appeal specifically for the A60 bridge. If you're already giving to the 'Factory Flyover' section of Reunification via a standing order, your donations will continue to flow into that 'pot'. We want to protect the Factory Flyover

funds we've raised, so we're asking now for a one-off donation / new Standing Order for the A60 bridge work. Every pound will make a difference.

You can give through the post by setting up a Standing Order or making a one-off donation. Fill in the forms in this booklet to do that.

You can also give online by visiting www.gcrailway.co.uk/unify or make a £10 donation by texting the word Unify to 70191

For full terms and conditions, see <http://platform.nationalfundingscheme.org/terms-and-conditions>

Thank you for your generous support. If we pull together, the A60 bridge will be REUNIFICATION READY in a few short months.
